

Agrate Brianza

Dear friends of Česká Třebová,

on behalf of all Agratesi I represent and for myself, I asked to our Mayor, Ezio Colombo, to give me a few seconds in this important event to say a few words.

A few seconds to thank all of you, sincerely, for great friendship that has marked your participation, direct and indirectly, as individuals and as Authority of Česká Třebová at this “Twinning” with Agrate Brianza.

Thanks to all of you for the Passion that you have been able to put in all the activities we have arranged so far, passion spent to make sure that the values of the “Twinning” itself were identified and transformed into actions and deeds.

Thanks for the spirit of brotherhood that has always characterized your work and your contribution, so that our relationship could follow the fruitful path, of cultural exchange and social enrichment, for mutual support and solidarity.

With the “Twinning” the Governments of our Cities have taken a serious and enduring commitment, to promote, encourage and support mutual initiatives, aimed at achieving a significant and important project.

We can certainly say that in recent years, we have built together, a symbolic monument, a monument to friendship, brotherhood, breaking down geographical boundaries, overcoming local selfishness’s to confirm the universal principles of Peace and Brotherhood among men.

We have embarked on a journey together, in joy and peace, real peace, the peace that makes us feel as brothers and "Citizens of the World".

Now, your Administration is getting to the end of its period, but we remain confident that our “Twinning” will continue as before and more than before, thanks to the work you have done to date.

Agrate Brianza

Dear friends, you who have worked so hard to make sure “Twinning” could represent all those things I have just tried to summarize in a few words, to you, who have believed in this project from the beginning, to you, I am glad to say it's really nice to be here, with you, this evening to enjoy these moments together.

Therefore let me wish you, wish to all of us, that life gives us a chance once again, one day, to share such a moments together, because we are confident that, whatever happen, we will be crossing again along the same road in the future.

Thanks to all of you
